

UPGRADE YOUR NORMAN EMAIL PROTECTION

HOW TO GET MORE OUT OF YOUR EMAIL SECURITY

NEP is modusGate: Here are updates you may have missed

modusGate has evolved, and Vircom's customer support team always stands at the ready to support new customers. Here's some of the updates you may have missed:

- **modusGate 6.1:** Improved SCA engine with lower false positives
- **modusGate 6.2:** New Avira and Bitdefender Anti-Virus, support for Exchange 2016.
- **modusGate 6.3:** Targeted Phishing Protection and SPF improvements.
- **modusGate 6.4:** DMARC, SPF and DKIM capabilities to prevent spoofing and maintain domain reputation.

Bring Your Email Security forward with modusCloud

With modusCloud, you can get the latest, most advanced email security with premium service and support. Access features like:

- **URL and Attachment Defense** to protect you against the latest email threats.
- **Email Continuity** to prevent server outages from hurting your business (whether through Exchange of Office 365).
- **Email Encryption and DLP** to maintain compliance with GDPR and other regulations.
- **Email Archiving** with easy search, eDiscovery and 10-year unlimited storage.
